Release of the Senior subject guide Version 1.9

Purpose

To inform schools of the release of the *Senior subject guide v1.9* to support schools with subject selections.

Background

The QCAA has reviewed and updated the *Senior subject guide v1.9* to ensure it accurately reflects the changes made to the revised General, Applied (Essential) and Short Course syllabuses.

Schools can use the Word version, available from the Noticeboard in the [QCAA Portal](#), to amend, delete or add information to reflect their school curriculum offerings.

What you need to do

Schools should begin using the *Senior subject guide v1.9* when referring to the redeveloped or revised syllabuses for senior subjects. They should ensure all staff are aware of the changes.

Schools should review their current subject selection information and update all information to align with the *Senior subject guide v1.9*.
