5. use aesthetic features and stylistic devices to achieve purposes

6. select and synthesise subject matter to support perspectives

7. organise and sequence subject matter to achieve particular purposes

8. use cohesive devices to emphasise ideas and connect parts of an imaginative text

9. make language choices for particular purposes and contexts

10. use grammar and language structures for particular purposes

11. use written features, including conventional spelling and punctuation, to achieve particular purposes.

Purpose

This document consists of a marking guide and a sample response.

The marking guide:

- provides a tool for calibrating external assessment markers to ensure reliability of results
- indicates the correlation, for each question, between mark allocation and qualities at each level of the mark range
- informs schools and students about how marks are matched to qualities in student responses.

The sample response:

- demonstrates the qualities of a high-level response
- has been annotated using the marking guide.

Mark allocation

Where a response does not meet any of the descriptors for a question or a criterion, a mark of '0' will be recorded.

Where no response to a question has been made, a mark of 'N' will be recorded.
