Question and response book

# Biology

## Paper 1

### Time allowed

- Perusal time — 10 minutes
- Working time — 90 minutes

### General instructions

- Answer all questions in this question and response book.
- QCAA-approved calculator permitted.
- Planning paper will not be marked.

### Section 1 (20 marks)

- 20 multiple choice questions

### Section 2 (27 marks)

- 7 short response questions

**DO NOT WRITE ON THIS PAGE**  
**THIS PAGE WILL NOT BE MARKED**

# Section 1

## Instructions

- This section has 20 questions and is worth 20 marks.
- Use a 2B pencil to fill in the A, B, C or D answer bubble completely.
- Choose the best answer for Questions 1–20.
- If you change your mind or make a mistake, use an eraser to remove your response and fill in the new answer bubble completely.

	A	B	C	D
Example:	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

	A	B	C	D
1.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
2.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
3.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
4.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
5.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
6.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
7.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
8.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
9.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
10.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
11.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
12.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
13.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
14.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
15.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
16.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
17.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
18.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
19.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
20.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Ensure you have filled an answer bubble for each question.

Do not write outside this box.

## Section 2

### Instructions

- Write using black or blue pen.
  - If you need more space for a response, use the additional pages at the back of this book.
    - On the additional pages, write the question number you are responding to.
    - Cancel any incorrect response by ruling a single diagonal line through your work.
    - Write the page number of your alternative/additional response, i.e. See page ...
    - If you do not do this, your original response will be marked.
  - This section has seven questions and is worth 27 marks.
- 

### QUESTION 21 (7 marks)

In 2014, a group of scientists surveyed a plant community and determined Simpson's diversity index (SDI) to be 0.84. They returned to the same site in 2024 and collected this data.

Species	Number of individuals
A	133
B	96
C	256

- a) Calculate SDI in 2024 using the formula  $SDI = 1 - \left( \frac{\sum n(n-1)}{N(N-1)} \right)$ . Show your working. [2 marks]

---

---

---

---

---

---

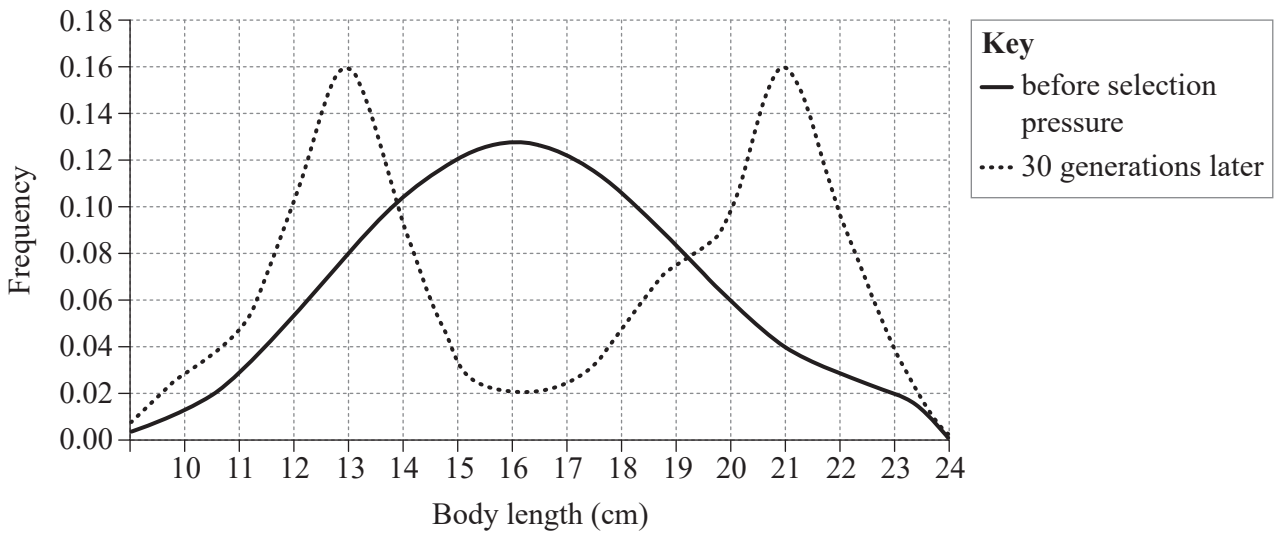

---

Do not write outside this box.

**QUESTION 22 (4 marks)**

The graph shows the effect of a selection pressure on the body length of a fish population.

a) Determine which type of phenotypic selection has occurred. *[1 mark]*

---

b) Use the principles of natural selection to explain the observed trends. *[3 marks]*

---

---

---

---

---

---

---

---

---

---

Do not write outside this box.

**QUESTION 23 (3 marks)**

In rabbits, black fur is dominant to white fur. A male that is heterozygous for black fur is crossed with a female with white fur, producing 12 offspring.

Predict the number of offspring with white fur. Justify your response using a Punnett square.

---

---

---

---

---

---

---

**QUESTION 24 (3 marks)**

The diagram shows a process that occurs during meiosis.

a) Identify the process.

[1 mark]

---

b) Explain how this process contributes to genetic variation in the genotypes of offspring.

[2 marks]

---

---

---

---

---

Do not write outside this box.

**QUESTION 25 (2 marks)**

Describe what is meant by an *interspecific hybrid*, using an example.

---

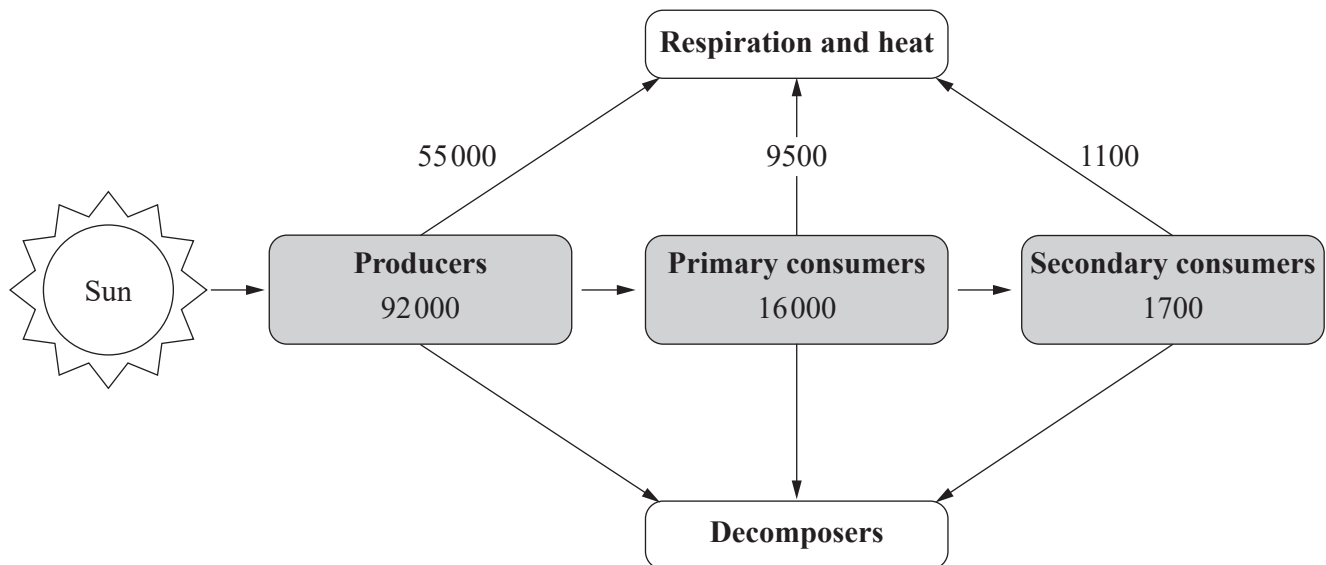

---

---

---

**QUESTION 26 (6 marks)**

The diagram shows energy flow through an ecosystem. Values are in  $\text{kJ m}^{-2} \text{ year}^{-1}$ . Shaded boxes represent gross productivity.

- a) Calculate the efficiency of energy transfer between primary and secondary consumers.  
Show your working.

[2 marks]

---

---

---

Do not write outside this box.

b) Determine the amount of energy lost to decomposers at the producer level.  
Show your working.

[2 marks]

---

---

---

c) Describe two ways energy is transformed in this ecosystem.

[2 marks]

---

---

---

---

---

---

---

---

Do not write outside this box.

**QUESTION 27 (2 marks)**

To determine the reliability of the capture–recapture technique and the Lincoln index  $N = \frac{M \times n}{m}$ , two researchers collected data on a mouse population from the same site at the same time.

Researcher	Number of mice in first capture	Number of mice in second capture	Number of marked mice in second capture
I	160	140	80
II	100	60	?

If the reliability of the technique is high, how many marked mice would be expected in the second capture for researcher II? Show your working.

---

---

---

---

---

---

---

---

---

---

**END OF PAPER**

Do not write outside this box.
